Dear Sir:

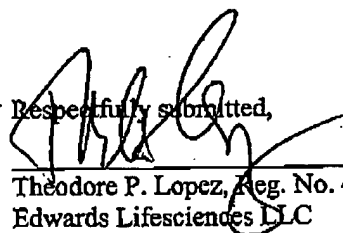

On March 4, 2004, we submitted two filings to the USPTO. The first included a Response to Notice to Correct Application Papers and the second included a Power of Attorney and Correspondence Address Change and Statement Under 37 CFR 3.73(b). The postcards for both filings were stamped on March 8, 2004 and returned to our offices. The File History in PAIR shows only receipt of the first filing (the Response), however, both filings were scanned into the Image File Wrapper. The POA and Correspondence Address Change have not been processed by the USPTO yet, as O'Melveny & Meyers is still listed as Attorney for this application. Would you please have the examiner review and update our file? Please contact the undersigned if any additional documentation is required.

Thank you for your assistance in this matter.
